Teacher Supply in California 2003-2004

A Report to the Legislature

Executive Summary

Determining teacher supply in California is essential for policy makers as they analyze how current statutes and policies impact teacher recruitment, teaching incentives and teacher preparation. This report provides data collected by the California Commission on Teacher Credentialing (Commission) and addresses several questions regarding the supply of teachers newly available to teach in California classrooms.

This report is provided in response to Assembly Bill 471 (Scott, Chapter 381, Statutes of 1999) signed by Governor Davis effective January 1, 2000. AB 471 requires that the California Commission on Teacher Credentialing report to the Governor and the Legislature each year on the number of teachers who received credentials, certificates, permits and waivers. The report includes the type and number of documents issued authorizing service to teach in California public schools or schools under public contract for fiscal year 2003-04. The report incorporates the requirements of the legislation into a tool for policy makers and others interested in teacher supply. More detailed data is available on-line in the full report at www.ctc.ca.gov.

This report frames information under seven questions regarding teacher supply. The questions are:

- How Many Teachers Are Credentialed Each Year in California?
- What Types of Credentials Are Teachers Earning?
- Are Alternative Routes Growing?
- Are Career Ladder Programs Working?
- Who Prepares California's Teachers?
- Are More People Considering a Teaching Career?
- Are the Numbers of Emergency Permits and Waivers Declining?

In fiscal year 2003-04, California saw a 16% increase in the number of newly credentialed teachers, a 50% decrease in the number of emergency teaching permits, and a 58% drop in the number of credential waivers.

How Many Teachers Are Credentialed Each Year in California?

Teachers may earn a California teaching credential through a variety of programs offered by Institutions of Higher Education (IHE) or through intern programs offered by a school district or consortia of districts. All teacher preparation programs must meet the same high teacher preparation standards and be accredited by the Commission. Teachers prepared in other states have several options for obtaining a California credential depending on their years of experience or the comparability of their teacher preparation program to those in California. Recent legislation has effectively streamlined this process for out-of-state teachers.

The supply of newly credentialed teachers in California increased by 16% from fiscal year 2002-03 to 2003-04, from 27,136 to 31,397. Of these teachers, 41% had previously held an intern credential, a pre-intern certificate, or an emergency permit, and were teaching in California classrooms.

The following chart shows the numbers of teachers initially earning California teaching credentials for fiscal years 1999-00 through 2003-04.

The following charts show the types of teaching credentials earned in California through the avenues outlined on the previous page – California IHE programs, school district programs, and teachers prepared in other states. There are currently three basic types of teaching credentials issued by the Commission for service in K-12 academic settings. Multiple subject teaching credentials authorize service in self-contained classrooms such as classrooms in most elementary schools. Single subject teaching credentials authorize service in departmentalized classes such as those in most middle and high schools. Education specialist credentials authorize service in special day classes and in resource programs for students with special needs.

What Types of Credentials Are Teachers Earning?

This report focuses on teaching credentials for California's K-12 classrooms. As stated previously, there are currently three basic types of teaching credentials issued by the Commission for service in K-12 academic settings, multiple subject teaching credentials, single subject teaching credentials, and education specialist credentials.

As shown in the chart below, multiple subject teaching credentials comprised 58% of the total number of credentials issued in 2003-04 at 18,209. Single subject teaching credentials comprised 31%, at 9,850, and education specialist teaching credentials comprised 11% of the total at 3,338.

Are Alternative Routes Growing?

California offers great flexibility for individuals interested in becoming teachers. The traditional route to teaching includes a year of preparation courses including field experience and student teaching. The experience is carefully planned to introduce the prospective teacher into the classroom and to ensure that the teacher is fully prepared upon earning the credential. However, this route does not meet the needs of many individuals who have the skills and dedication necessary to become excellent teachers. For individuals who must earn a living while completing a teacher preparation program and for career changers who bring valuable skills and experience to the classroom, internship programs are a viable option.

Many IHEs offering teacher preparation programs also offer an internship alternative. School districts may also offer teaching internship programs, as well as individualized internships to individuals who have met subject matter competency. All alternative programs must meet the same high standards as traditional programs and must be accredited by the Commission. Each program must show how it prepares interns prior to their classroom experience – usually during the summer – and must show how interns are mentored and assessed in addition to providing continued teacher education courses and seminars.

The chart below shows the number of intern credentials and certificates issued for use in both IHE and school district programs. Data for fiscal years 1999-00 through 2003-04 showed steady increases in the IHE internship programs with an enrollment of 6,197 in 2003-04. District internship programs showed little variation over the same period, with an enrollment of 875. The Commission also issued 2,627 individualized internship certificates during 2003-04, which marked the first full year of data for this document.

Are Career Ladder Programs Working?

In the past few years, the Governor and the Legislature have provided programs for individuals working in classrooms as paraprofessionals and as pre-interns. These programs provide funding to support individuals while they work in the classroom and complete their teacher preparation. The paraprofessional teacher training program provides money for tuition and books, and offers academic support as participating classroom aides earn a college degree and complete a credentialing program. Due to fiscal challenges experienced by the State of California, the paraprofessional program has experienced a dramatic reduction in funding, resulting in a 17% decrease in the number of participants in the program. The pre-intern program has seen its funding reduced to support only those individuals currently in their second year of the program, before phasing out the program in June of 2006. This has resulted in a 62% reduction in the number of pre-intern documents issued over the previous fiscal year. The pre-intern program has provided funds for school districts to support teachers who would otherwise have served on emergency permits. The program has offered training in basic classroom skills such as classroom management and organization, provided mentoring and helped participants meet the credentialing subject matter requirements to enter an internship program. Both programs have been highly successful in moving participants into internship programs and later to full credentials.

Who Prepares California's Teachers?

California Universities prepared 87% of the newly credentialed teachers in California during fiscal year 2003-04. Teachers prepared in other states who became credentialed in California comprised 11% of newly credentialed California teachers. The remaining 2% of teachers were prepared through school district internship programs.

Are More People Considering a Teaching Career?

Tracking teacher preparation program enrollment can serve as yet another forecasting tool. Recent federal regulations, detailing the Elementary and Secondary Education Act, require all states to report data on teacher preparation. Included in this report is enrollment data for all California IHE teacher preparation programs during fiscal year 2002-03.

The charts on the next page show enrollment data for multiple subject, single subject, and education specialist teaching credential programs. The first three charts show this data according to enrollment in programs offered through the California State University (CSU), the University of California (UC) and Private/Independent Universities during fiscal year 2002-03. The next chart shows aggregate data for fiscal years 2000/01 through 2002/03. Because not all credential candidates will complete their teacher preparation program in one year, the data should be viewed in light of the varying length of each candidate's progress toward the credential. The data show that there were 41,607 candidates enrolled in programs for multiple subject teaching credentials, 20,293 candidates enrolled in programs for single subject teaching credentials, and 11,311 candidates enrolled in programs for education specialist teaching credentials during fiscal year 2002-03. Total enrollment is down almost 4% over fiscal 2001-02.

Another indicator of interest in teaching is the number of individuals taking the California Basic Educational Skills Test (CBEST). This exam is a prerequisite for all teaching and service credentials in California. It measures an individual's basic competence in reading, writing and mathematics. There were 84,048 CBEST examinees during fiscal year 2003-04. This was a 23.7% decrease over the previous year. All examinee numbers include repeat test takers.

91,950	98,256	129,054	110,198	84,048	-23.7%

Are the Numbers of Emergency Permits and Waivers Declining?

For the fourth consecutive year, both emergency permits and credential waivers have decreased from the previous fiscal year. The number of emergency teaching permits (multiple subject, single subject, and special education) decreased by 50% -- from 20,583 in 2002-03, to 10,242 in 2003-04. Additionally, the number of credential waivers decreased by over 57% -- from 1,080 in 2002-03, to 458 in 2003-04. Since fiscal year 1999-00, California has seen a 70% decrease in the number of emergency teaching permits issued, and an 83% decrease in the number of credential waivers issued. Taking into account the total number of certificated teaching staff in California's schools and the number of emergency teaching permits issued, the percentage of teachers on emergency permits has decreased from 6.8% in 2002-03 to 3.4% in 2003-04. Credential waivers decreased from .4% of the total certificated teaching staff in 2002-03 to .2% in 2003-04.

Summary

Fiscal year 2003-04 saw the number of individuals initially earning a California teaching credential exceed 31,000 for the first time in history. The year also saw a dramatic drop in the number of teachers serving on an emergency permit or waiver. This is optimistic news regarding the current supply of fully prepared teachers serving in California schools. There are indicators, mainly a 24% drop in the number of individuals taking the CBEST, which suggest that the supply of newly credentialed teachers may decline slightly in the near future. However, along with California's efforts to decrease the number of teachers serving on emergency permits, this may also suggest that the future classroom teacher may be more qualified.

TABLE 1A
Multiple Subject, Single Subject, and Special Education Internship Credentials
Issued July 1, 2003 to June 30, 2004
Number of First Time/New Type Documents Issued Upon Recommendation

The following table lists the number of Multiple Subject, Single Subject and Special Education internship credentials issued with effective dates between July 1, 2003 and June 30, 2004 upon the recommendation of a California institution of higher education with a Commission-accredited internship program. The numbers include individuals who received their initial California internship credential (first time) and those who previously held a different type of document such as an emergency permit (new type).

Table 4
Comparison of Credentials and Emergency Permits in Each Teaching
Specialty Issued July 1, 2003 to June 30, 2004

This table compares the number of teaching credentials to emergency permits issued for multiple subject, single subject, and special education authorizations. The credential numbers include documents for individuals who were recommended by a California institution and individuals who completed a credential program outside of California. These data are presented for comparison purposes only. No inference may be made regarding the shortage or surplus of teachers for specific credential areas as information was not available regarding the numbers of teaching positions in each credential area, numbers of credential holders currently serving in schools, or the availability of newly credentialed teachers for vacant positions in schools. The number of subject areas on the single subject and special education credentials and permits is more than the total number of documents issued as some individuals qualified for more than one subject authorization on their document.

Table 5
Certificates, Permits, and Waivers Requested by Counties and Agencies:
July 1, 2003 to June 30, 2004

This table provides information on the number of University Internships, District Internships, Pre-Internships, Emergency Permits, and Credential Waivers issued to each county and district. The first two columns identify the county and agency. The "Agency Total" column provides the total number of each type of document and the grand total of documents issued for each agency. The "Credential Title" column breaks down the general document type (e.g. University Internship, Emergency Permit, etc.) by the specific document type (e.g. Multiple Subject, Education Specialist, etc.) for each agency. The "Cred Total" column identifies the total number of specific documents issued to an employer. The "Subject" column breaks out the specific document type by all subject areas listed on the documents. The final column identifies the total number of subjects listed on each specific document issued to an employer.

Notes: CLAD = Crosscultural, Language and Academic Development authorization for teaching English as a Second Language and specialized academic instruction for limited English proficient (LEP) students.

BCLAD = Bilingual, Crosscultural, Language and Academic Development for teaching LEP students in the primary language.

Subject total may be higher than credential total as some individuals earned more than one authorization.

Appendix

Types of Teaching Credentials in this Report

This report provides information regarding certification documents obtained by individuals who have completed preparation programs as well as licensing documents available to individuals who are in the process of completing such programs. It is helpful to understand the requirements for each type of certification. The following pages list the requirements for all the types of documents referenced in this report.

Professional Clear Teaching Credentials

To earn a Professional Clear Multiple or Single Subject Teaching Credential through a California postsecondary institution, the candidate must complete the following current requirements:

- 1) A baccalaureate or higher degree from a regionally accredited college or university;
- 2) Passage of the California Basic Educational Skills Test (CBEST);
- 3) Verification of subject matter competence by passage of an appropriate examination(s) or completion of a program of subject matter coursework through an institution with an approved program;
- 4) A course or examination in the principles of the United States Constitution;
- 5) A professional teacher preparation program including student teaching;
- 6) A course in reading instruction as a part of developing English language skills;
- 7) Passage of the Reading Instruction Competence Assessment (RICA) for the Multiple Subject Teaching Credential;
- 8) A fifth year of study consisting of 30 semester units beyond the bachelor's degree in a defined field of study designed to improve the teacher's competence and skills;
- 9) A course in health education including nutrition, the physiological and sociological effects of abuse of alcohol and narcotics and the use of tobacco, and training in cardiopulmonary resuscitation;
- 10) Coursework in the laws, methods and requirements for providing educational opportunities to individuals with exceptional needs in the regular classroom; and

- 11) Coursework in computer education which includes general and specialized skills in the use of computers in educational settings.

In Senate Bill 2042 (Alpert, Mazzoni), Chapter 548, Statutes of 1998, the Legislature recently acted to streamline and consolidate this fragmented list of current credential requirements. As a consequence, the fifth year of study is being replaced by intensive induction programs such as BTSA, and the last three items are being folded into preparation and induction programs by the Commission. Meanwhile, prospective teachers receive preliminary teaching credentials as soon as they complete the first seven requirements above.

A candidate for the Professional Clear Education Specialist Instruction Credential must complete the following requirements:

- 1) requirements 1 through 7, and 9 and 11 described above;
- 2) an individualized induction plan designed by the teacher in collaboration with the employing agency and California college or university with an approved program; and
- 3) two years of successful experience in a public school (or private school of equivalent status).

Internship Teaching Certificates, Emergency Permits and Credential Waivers

Education Code Section 44225.6 requires the Commission to provide data on each of the documents available for individuals to serve as teachers prior to completion of a full preparation program. Those documents include University Internship Credentials, District Internship Certificates, Pre-Intern Certificates, Emergency Permits and Credential Waivers. Following is information regarding each of those licensure documents, including the requirements for each.

University Internship Credentials

University Internship Credentials are issued to individuals who have enrolled in professionally accredited internship programs. These one- to two-year programs are administered by California colleges and universities in partnership with local school districts, and are designed to provide participants with classroom experience while they complete the coursework requirements for the preliminary or professional clear credential. University Internship Credentials authorize the holder to serve, under the supervision of an accredited institution and the holder's employer, in the area or subject listed on the credential.

Requirements for University Internship Credentials

- (1) Completion of a baccalaureate or higher degree from a regionally accredited institution;
- (2) Verification of passage of the California Basic Educational Skills Test (CBEST);
- (3) Completion of a U.S. Constitution course or examination;
- (4) Verification of subject matter competence by passage of the Commission-approved subject examinations for the subject(s) to be listed on the document or completion of a minimum of 4/5ths of the subject-matter program; and
- (5) Entry into a professionally accredited internship program.

The accredited internship *is* the professional preparation program for the teaching intern who qualifies for a Professional Clear Teaching Credential by completing the other requirements listed on page 2.

District Internship Credential

Districts that choose to offer a district internship program develop a professional development plan in consultation with an accredited institution that offers a teacher preparation program. The District Internship Certificate is issued for two years. During this two-year period the intern is required to complete the training, in-service, professional development and experience requirements as specified in the professional development plan. At the end of the two-year issuance of the certificate the district's governing board recommends to the Commission that the district intern be granted a professional clear teaching credential, provided all requirements have been met.

The requirements for initial issuance of a District Intern Credential are:

- (1) Completion of a baccalaureate or higher degree from a regionally accredited institution;
- (2) Verification of passage of the CBEST;
- (3) For the single subject authorization: a major or minor in the subject to be listed and (1) successful completion of the appropriate subject matter preparation program, or (2) passage of the Commission-approved subject matter examinations for the subject(s) to be listed.
For the multiple subject authorization: appropriate subject matter coursework and (1) successful completion of the appropriate subject matter preparation program, or (2) passage of the Praxis series Multiple Subjects Assessment for Teachers (MSAT);

- (4) Statement completed by the governing board of the employing agency verifying that the District Intern will be assisted and guided throughout the training period by a certificated employee.

Individualized Internship Certificates

The Individualized Internship Certificate (IIC) is an option to individuals who have met subject matter competency to be compliant with the requirements of the federal No Child Left Behind Act of 2001, yet are not enrolled in an existing district or university internship program. The IIC is available only at the request of an employing agency.

The requirements for the Individualized Internship Certificate are:

- (1) Completion of a baccalaureate or higher degree from a regionally accredited institution;
- (2) Verification of passage of the CBEST;
- (3) Complete a course (two semester units or three quarter units) in the principles of the U.S. Constitution, or pass an examination in the subject given by a regionally-accredited community college, college, or university.
- (4) Verify subject matter competence by ONE of the following three methods:
 - a) Achieve a passing score on all appropriate subject matter examination(s).
 - b) Complete a Commission-approved subject-matter program or its equivalent and obtain verification of completion from the authorized person in the education department of a California college or university with an accredited program.
 - c) For specialized science subject only, individuals may either take the appropriate subject matter examinations or obtain verification of completion of subject-matter course work from the Commission on Teacher Credentialing.
- (5) A completed Individualized Internship Agreement. Individuals must have an offer of employment and be enrolled in a college or university with a Commission-approved program.

Pre-Intern Certificates

The Pre-Intern Teaching Program seeks to improve the effectiveness and retention of new teachers who have little or no experience or preparation and have not met the subject-matter competence requirement for entry into a credential program. The goal is to eventually replace the emergency permit system with funded formalized preparation for entry into internship programs or regular teacher preparation programs. The Pre-Internship Program focuses on

subject matter preparation and development of basic skills in classroom management, student discipline and teaching methodologies.

The Pre-Intern Certificate is only available to participants in approved pre-internship programs conducted by school districts and county offices of education based on grants to fund these programs by the State of California. The certificate authorizes service equivalent to that authorized by the related emergency permit.

The Pre-Intern Teaching Certificate is not available to individuals who have completed subject matter requirements for a teacher preparation program or individuals who have completed student teaching in an approved credential program.

General Requirements for the Pre-Intern Certificate

The applicant for the Pre-Intern Certificate must:

- (1) possess a baccalaureate or higher degree from a regionally accredited college or university; and
- (2) verify passage of the CBEST.

Specific Requirements for the Pre-Intern Certificate

Multiple Subject Teaching

The Multiple Subject Pre-Intern Teaching Certificate authorizes the holder to teach general subjects (self-contained) classes, such as those generally found in elementary schools. To qualify for this certificate must:

- (1) demonstrate intent to take the MSAT examination during the valid period of the certificate; and
- (2) verify the successful completion of at least 10 semester units of coursework at a regionally accredited institution with a grade of "C" or better in each of at least four of the following subject areas or at least 10 semester units of coursework in each of three subject areas and an additional 10 semester units in a combination of two of the remaining subject areas. The subject areas are as follows: language studies, history, literature, humanities, mathematics, the arts, science, physical education, social science and human development.

Single Subject Teaching

The Single Subject Pre-Intern Teaching Certificate authorizes the holder to teach the subject(s) listed on the certificate in departmentalized classes such as those normally found in high schools. Currently these certificates are available only in the subjects of mathematics, science and English. To qualify for this certificate the applicant must:

- (1) demonstrate intent to take the Commission-required examination(s) to verify knowledge of the subject(s) listed on the certificate during the valid period of the certificate; and
- (2) verify the successful completion of at least 18 semester units, or nine upper-division units of coursework completed at a regionally accredited institution with a grade of “C” or better in each subject to be listed on the certificate.

Emergency Permits

Emergency permits may be requested by employers when they are unable to locate enough fully credentialed teachers to meet employment needs. Emergency permits are valid for one year and authorize the holder to provide the same service as a full teaching credential. Employers applying on behalf of individuals for any of these permits must verify that those individuals have met minimum requirements before the permits are issued. Some of these requirements are general to all types of emergency permits, while others are specific to the type of permit requested. All emergency permits require the holder to complete specific requirements while he or she holds the permit in order to be eligible for a reissuance of the emergency permit for another year. Emergency permits may be renewed for a maximum of five years.

General Requirements for All Emergency Permits

The applicant must verify that he or she possesses a baccalaureate or higher degree from a regionally accredited college or university, has passed the CBEST and has completed the specific requirements for the permit requested, as described next.

All employing agencies requesting emergency permits are required to file a Declaration of Need for Fully Qualified Educators. This Declaration is submitted each school year prior to the Commission issuing emergency permits to individuals employed by the agency. The employing agency states on the Declaration of Need its estimate of need for each type of emergency permit. The Declaration must be approved in a public meeting of the agency’s governing board.

As a condition for employing emergency permit holders, the district must agree to provide permit holders with orientation, guidance and assistance including curriculum training, and effective techniques of classroom instruction and management. This training should occur prior to the individual being placed in a classroom. The emergency permit regulations also require the employing district to assign a certified and experienced educator to guide and assist the emergency permit holder. In addition, the certified and experienced educator must have at least three years of full-time classroom teaching experience.

Emergency permits are valid for one year and restricted to the district requesting the permit.

Specific Requirements for Emergency Permits

In order to qualify for an emergency permit, an applicant must meet the general requirements listed above and requirements specific to the type of permit requested. Specific requirements are listed below by permit type:

Multiple Subject Emergency Teaching Permit

- (1) The applicant must provide written intent to complete the requirements for reissuance of the permit during the valid period of the permit.
- (2) The applicant must verify one of the following:
 - (a) passage of the Multiple Subject Assessment for Teachers (MSAT); or
 - (b) completion of at least 10 semester units of college course work in each of any four of the following subject areas: Language Studies, Literature, History, Social Science, Mathematics, Science, Humanities, Art, Physical Education and Human Development.

Single Subject Emergency Teaching Permit

- (1) The applicant must provide written intent to complete the requirements for reissuance of the permit during the valid period of the permit.
- (2) The applicant must verify one of the following:
 - (a) passage of the examination(s) approved by the Commission to verify appropriate knowledge of the subject to be listed on the permit; or
 - (b) verification of at least 18 semester units, or 9 upper division or graduate semester units of college course work in the subject to be listed on the permit.

Emergency Education Specialist Instruction Permit

- (1) The applicant must provide written intent to complete the requirements for reissuance of the permit during the valid period of the permit; and
- (2) The applicant must verify one of the following:
 - (a) possession of a valid basic California teaching credential; or
 - (b) possession or eligibility for an out-of-state special education credential requiring a baccalaureate degree and preparation program; or
 - (c) a minimum of three years successful classroom experience working with special education students in a public or state-certified school; or
 - (d) a minimum of nine semester units in special education or in a combination of special education and regular education that are appropriate to a special education or regular education teaching credential. teacher preparation coursework.

Reissuance Requirements for Emergency Permits

Applicants must satisfy all of the following requirements:

- (1) For the first reissuance only, all of the following requirements must be satisfied:
 - (a) assistance has been provided; and
 - (b) obtain an evaluation by a Commission-accredited professional preparation institution identifying requirements the emergency permit holder must complete to be eligible for the related credential; and
 - (c) verify that holders of the Emergency Multiple or Single Subject Teaching Permits, or Emergency Education Specialist Instruction Permit have completed one of the following:
 - take the appropriate subject-matter examination(s) if the holder has not completed the subject matter knowledge requirement prior to applying for the permit; or
 - complete at least six semester units or nine quarter units of accredited course work (with a grade of "C" or better) in a Commission-accredited professional preparation program or subject-matter program required for issuance of the related credential (The course work must be completed after the issuance date of the current permit and prior to the requested reissue date). The appropriate college or university must verify the course work; or
 - complete a minimum of 90 hours of professional development activities that are directly related to the subject or class authorized by the emergency permit if the applicant is employed by an employing agency with a Plan to Develop Fully Qualified Educators which has been accredited by the Commission.
- (2) For all subsequent reissuances, both of the following requirements must be satisfied:
 - (a) your employer must verify that guidance and assistance have been provided; and
 - (b) complete at least six semester units or nine quarter units of accredited course work (with a grade of "C" or better) in a Commission-accredited professional preparation program or subject-matter program required for issuance of the related

credential. The appropriate college or university must verify the course work.

- (3) The employing agency must have an annual Declaration of Need for Fully Qualified Educators on file with the Commission.

Credential Waivers

Credential waivers are utilized by county offices of education, school districts and non-public schools to fill certificated positions when individuals holding credentials or permits are unavailable. When an employing agency reviews its staffing needs and recruits for various positions, it first must attempt to fill a position with an appropriately credentialed employee. If a credentialed individual is not available, the employer must explore the feasibility of employing an individual in an internship capacity. If a university or district internship program is not available, the employer may request an emergency permit. When the employer is unable to find an individual who qualifies for the emergency permit, it then requests a credential waiver for the best qualified applicant available.

Credential waivers provide additional time for individuals to complete credential requirements or provide employing agencies with time to find an individual who either holds an appropriate credential or qualifies under one of the available assignment options. Waivers are generally issued for one calendar year and the individual on the waiver must demonstrate progress by completing an examination or coursework toward the credential before the employer may request a subsequent waiver.

General Criteria For All Waiver Requests

Waiver requests must meet all of the following criteria:

- *Recruitment:* There is acceptable evidence that the employer has verified that they have attempted to recruit a fully credentialed individual for this assignment.
- *Credential Goal:* There is evidence that the waiver request is in a subject matter area known to have substantial shortages of credentialed personnel. This is determined by a periodic review of the number of waiver requests and emergency permits issued during the prior year. Currently, the established shortage areas are: special education including the resource setting, speech therapy, education for limited English proficient students, math and science instruction, reading instruction, driver education and training, library media services, and multiple subject instruction.

- *Qualifications:* There is acceptable evidence that the employing agency has provided sufficient information to explain why the applicant is the best available person for the position. Such information may include verification of the completion of a degree, CBEST, part or all of a professional preparation program, or related experience.
- *Assignment:* There is evidence that this person has not been identified as misassigned in this assignment by the employing agency, or if the person has been identified as misassigned, there is evidence that action other than requesting a waiver was taken as a result of that misassignment.
- *Commitment:* There is acceptable evidence that the individual will have ongoing support and assistance provided by district personnel who hold a credential in the area of the waiver.
